DEFENCE & SECURITY PORTFOLIO

WWW.SPINTelligent.COM
Spintelligent’s Defence and Security events portfolio draws together high level government officials & senior military personnel as well as leading global equipment and service providers to share knowledge, discuss industry developments, conduct business, develop partnerships and network for future growth.

Maritime & Coastal Security Africa is Africa’s premier platform for seafarers operating along the African coastline to collaboratively project for the future requirements to counteract sea threats such as piracy and match Africa’s future maritime security landscape parameters, creating a sustainable and long-term security strategy.

Land Forces Africa facilitates the meeting of key decision makers who will drive African ground forces into the next generation, discussing long and short-term defence and security goals, identifying the need to be prepared for conventional warfare situations as well as humanitarian efforts on the continent. Land Forces Africa merges military, police, governmental bodies as well as private security companies across the African continent to explore the roles and rules of engagement for bettering African security. Land Forces East Africa, the biennial sister event to Land Forces Africa, focuses on regional defence and security challenges, capacity building and military funding alternatives.

Covering the African defence and security sector
STATISTICS FROM PREVIOUS SHOWS

- Number of African militaries represented: 23
- Global defence & security sponsors & exhibiting companies: 165
- Countries represented: 50
- Points of contact across industry: 18,000

KEY EXHIBITORS & SPONSORS
Africa’s economic growth between 2000 and 2010 averaged over 5%, making it the second fastest growing region in the world. With the international demands being put on Africa for natural resources and multi-lateral business opportunities, defence budgets are being pushed to match the rate at which economies in Africa are growing.

Land Forces Africa is able to present the foremost opportunity for senior military officials, government stakeholders and industry leaders in the African defence and security sector to meet, share and identify future requirements for the crucial development of African armed forces.

OUR CLIENTS’ FEEDBACK ON PREVIOUS SHOWS

“Land Forces Africa was extremely valuable, being able to network with the right people at the demonstration day was great”
Ryno Goosen, Director, Suritec

“LFA has been extremely valuable for us, and well organised!”
Ulrich Fischer, DCD Protected Mobility

“We met with many companies and we hope to do more business between South African and Botswana.”
Lt Col Thomas Masungu, Botswana Defence Force

“LFA is the best land event I’ve ever been to. The moment I sat down, I met the two people I absolutely had to meet.”
James Masey, AAI

OUR UPCOMING EAST AFRICA SHOW

JULY 2016
DAR ES SALAAM, TANZANIA
HOSTED BY THE TANZANIA PEOPLES DEFENCE FORCE
www.landforces-eastafrica.com
Maritime & Coastal Security Africa is Africa’s premier platform for all seafarers operating along the African Coastline. This biannual event provides collaboration opportunities to counteract threats such as piracy and prepare for future maritime security requirements, creating a sustainable, long-term security strategy.

Maritime & Coastal Security Africa focuses on stimulating interregional and multi-platformed collaboration to secure effective maritime cooperatives, public private partnerships in funding and operations as well as assessing cutting edge sub-, surface- and air platforms for maritime surveillance and security initiatives.

OUR CLIENTS’ FEEDBACK ON PREVIOUS SHOWS

“Thank you again for running such a great conference. I thoroughly enjoyed my interaction at the MCSA. The information I gained will help my company determine how we can assist South Africa in furthering its maritime capability.”
Matt Hill, The Boeing Company

“I think this is the best MCSA we have seen yet. It is really growing its own head of steam in the industry.”
Captain Mark Venter, South African Navy

“It is a good forum to create regional military leaders synergy. It also enables the regional actors to come into a conclusion of “our position in tackling regional security challenges.”
Ngewa Mukala, Chief of the Kenyan Navy
